Implementation of EASO support activities in practice

Gabriel Stanescu, Plan coordinator for EASO
Operating Plan to Italy

Trapani, 29 September 2017
EASO presence in Italy 2016-2017
Specific role of EASO in the hotspots

- Support to pre-identification of persons eligible for relocation and provision of structured information on relocation
- Asylum seekers of eligible nationalities are informed of the relocation programme and immediately channelled into a dedicated procedure
- Information materials, including child-friendly ones, developed in cooperation with the Ministry of Interior and the European Commission.
- Focus on the relocation programme, its advantages and conditions (registration, fingerprinting, application for asylum in Italy, steps to follow)
- Priority to be given to vulnerable persons and persons with special needs
Other activities – technical support

- Installation of mobile offices (containers) and provision of technical equipment
Other activities – developing standards

- EASO participation in working group developing hotspots SOPs, led by the Ministry of Interior
