Subject: EASO/2014/198: CLARIFICATIONS 1

1.1

Q: We are a Company which manufactures radios and radio systems for several sectors of the market, including Public Safety, Oil & gas and mining as well as other sectors. Could you let me know if your telecoms requirement is for Hand Held radios and or systems which support this?

A: No. Our telecommunication requirements concern mobile telephony (voice and data) communications, both in Malta and abroad.

1.2

Q: With reference to Annex 3.3.2 Contract Reference Form, may I kindly ask you to confirm that a reference referring to services already provided to EASO is eligible to be included in the form?

A: yes, as per Section **3.1.1.2.1 of the Technical Specifications** *The tender must provide, using the template in Annex 3.3.2 "Contract Reference Form", minimum 3 references for similar contracts in terms of services provided to European or International organisations, public authorities or private companies with dates and recipients, together with a simple declaration.*

1.3

Q: Do all the users roam? And how many weeks per year

A: Not all users roam, but we do have roaming users in every week of the year.

1.4

Q: Would you need the detailed billing printed with the invoice or access to view detailed billing online

A: Yes, detailed, but in either format. Preferably online and in a format that allows export into other platforms.

Yours faithfully,

EASO Contracts
