Subject: EASO/2015/271: CLARIFICATIONS 4

4.1

Q: The technical proposal form specifies that each of the Award criteria should be described in a maximum of 3 pages.

Do you authorize annexes, such organisational charts in addition to 3 pages per criteria point?

A: Please see clarification 2.8: the 3-page limit applies for each single criterion; annexes are not allowed on top of the mentioned limit.

4.2

Q: If we don't use full 3 pages for a specific point, can we use the space left to develop another point, given that in total of pages would not exceed 12 pages?

A: As above stated, the 3-page limit applies for each single criterion.
