Face to face session: Each face-to-face session consists of 1-2 days of content related training plus one day on didactics and half day on the use of the EASO Training platform. Although we always recommend to the participants to attend the whole training, those who have already received the training on didactic and the e-platform in the past (through other training in EASO Training Curriculum) can opt to skip this part of the face to face session. Should you choose this option, kindly inform us while filling-in the registration form.
